## AERO CLUB NEWSLETTER

### In this issue:

- Valentine's dinner
- Dues are due
- Pancake breakfast
- Region Flyer open house 16th

### From the President:

Another month here with a bang. From minus 21 degrees to 51 degrees, fog, rain, and snow we have had it all this month and it has just begun. There were several people out of town so we did not have a quorum but still managed an interesting meeting. Thanks to Nichole for taking the minutes. Put Diane Schwarz and her family in your prayers while her son-in-law goes through surgery and recovery in Indianapolis. And on the bright side say congratulations to Mike and (now) Nichole Blake who recently got married! Mike Barry won the door prize for answering a quiz on flying safety. In this rapidly changing spring weather and you are flying in thunder, clouds, windy, or snowy bad weather, remember who made the decision to go flying. The soup dinner went well with about 15 attending and several very good soups to taste. Lots of extras were there to accompany the soup and every one had a

great time. The upcoming Valentine Dinner on Feb. 16 has 25 people signed up. The meal will be great as witnessed by Mike and Nichole. (The same Caterer.) The dead line to turn in the number attending to the Caterer is Feb. 11. If you have not RSVP'd please do so, we need at least 20 more, to attend. OK 6 or 8 will match our estimate on the catering bid, but the more the better. And don't forget we will have a program on the cross-county bicycle trip by Tom Moore.

The club has received an invitation to the open house being held Feb. 16 at the PPO terminal. We need to come out and support the REGION FLYERS in their new flight training business. This should bring more business to the airport and maybe more members for the club. Make a day of it and attend the Region Flyers open house and finish up with a great Valentine party at the club house.

A second discussion on the proposal from the Westville Lions Club began with Cheryl Tuholski reading the minutes from a meeting with Diane. Their proposals are attached and will be discussed again at the next meeting. One scholarship has been submitted and will be given to the committee. Then March, don't forget our annual corned beef and cabbage dinner.

Great activities and great fun, but I am not flying in the FOG!.....Alan

"It's an old football injury — he cut himself on a beer can while he was watching the Superbowl."

### February Anniversaries February Birthdays

5 Jerry & Dawn Cornett	8 Dawn Cornett	20 Matthew Stedwell
